

Task Overview

Task/Assessment Name: *Wiggling Through Third Grade*

Developer	School	SU
Kathryn Brooks	Bennington Elementary School	SVSU

Date Developed: Summer 2006

Reviewer/s	Supervisory Union
Jean Ward	BRSU
Lynne Blair	RCSU

Review and Recommendation Date:
May 2007

VT Framework Standard Addressed: 7.13

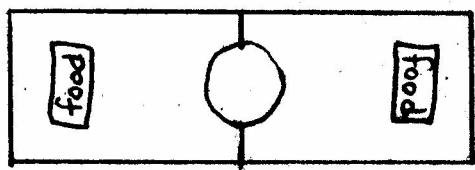

VT Grade Expectation Addressed: S 3-4:2, 31, 35 bullet 2

Assessment type: Summative assessment

Teacher notes:

Materials per group for task:

- 5 active mealworms. Mealworms can be purchased at any pet supply store.
- Similar size pieces of potato and apple
- Shoe box made ahead of time with the following in the bottom.

(Keep your shoeboxes from year to year.) Center lines and circle, place for apple and potato at opposite ends of box equidistant from circle. Students will need lots of experience working with mealworms during the unit. Perhaps boxes could be used generically for other experiments throughout the unit.

- Pencil
